**HEIDI KLUM IS HOMELESS** → The developer of new Soho luxury rental building 55

Thompson Street **turned down Heidi Klum's offer** to rent three penthouses for six weeks for \$100,000. Instead, the developer is committed to finding longer-term tenants. Combine the asking rents on the three penthouses and the total comes out to \$53,000 per month. This marks the first time in history a Victoria's Secret model has been rejected. [NYP]
